

ALIVAMAX

Hall of Fame

Enerjetics Celebration

In celebration of the launch of Enerjetics, Alivamax will have a plaque created and displayed in the lobby of our corporate office that displays the names of the men & women who helped launch this incredible product. To have your name engraved on this beautiful plaque, this is what you need to do:

Recruit 3 new people that purchase a box of Enerjetics or, 3 existing personally enrolled distributors that purchase a box of Enerjetics. You will receive the following recognition for your accomplishment. Your name engraved on a plaque to be displayed on the wall at the corporate office. A certificate of accomplishment of the Enerjetics Hall of Fame. Your name in the monthly newsletter. Your name sent to all distributors by e-mail. Hall of Fame contest continues through May!

2-Star Qualification

We've Made It Easier To Qualify

In order to help more members qualify at the 2-Star rank, we have lowered the total volume requirement from 1,000 TGV down to 450 TGV. Now all you need is a Total Group Volume of 450 with 3 separate personally enrollment legs that have 150 Total Volume each. To check your total volume and 3 legs, login to the back office at www.alivamax.com and click on Volume Totals under the Genealogy tab at the top. You will see two separate columns and rows that list your Volume Totals. One is your "Matrix" volume and the other one is your "Personal" volume. Under your Volume Totals "Personal" - you will see your Total Volume. This is the total sum of your Fast Start and Group Volume and what you use for advancement volume. Just to the right of your Total Volume, you will see a link called "View" under the Total GV by Leg column. Click the "View" and you will see your individual leg volumes for the people you personally enrolled. Three of them need to have at least \$150 in Leg Volume for you to qualify as a 2-Star.

Multiple Pool Shares

In addition to making the 2-Star qualification easier, we've made it so you can collect a share from each Star Ranking you achieve. In other words, if you qualify as a 3-Star, you will now collect the 1-Star, 2-Star and 3-Star bonus. Please see the compensation plan PDF for more details.
